

Safety

Read fitting instructions before use.

Be aware fitting luggage may affect the handling characteristics of the motorcycle.

Do not exceed the UK speed limits.

Regularly check for wear or damage.

Pay particular attention to bungee cords which must be replaced if showing any sign of weakness.

Take great care when using bungee cords as they can spring back and cause injury.

Maximum load weight per bag is 5kg.

Load evenly with heavy items at the bottom.

Protect the luggage from sharp items.

Where back and shoulder straps are supplied they are for OFF bike use. Do not wear the luggage as a backpack when riding a bike.

Important warning

It is the customers responsibility to ascertain the suitability of this product to their motorcycle. If improperly used or fitted this product can cause damage to your vehicle and in the event of an accident injury or death to the rider or riders. The manufacturer cannot accept any liability for damage arising from misuse or failure to fit or use correctly.

GETAWAY

Guarantee

All articles are manufactured with every possible care. The first buyer has a complete guarantee against faults in finishing components or materials not due to natural wear or intensive use.

If any manufacturing faults should be discovered, you may claim under our guarantee, by returning the item to us together with the purchase note, via the dealer. The article will be either replaced or repaired, depending on the type of fault. This does not affect your statutory rights.

Sport Tankbag

IMPORTANT

Read fitting instructions before use.

Features

- Converts to shoulder bag.
- Magnets attach base to wide range of (steel) tank shapes.
- Rubberised base.
- Transparent map pocket on bag.
- Two side pockets. Rain cover.

Contents

- Tank Pack with magnetic base.
- Shoulder strap.
- Rain cover.
- Bungee cords.

Loading and correct usage

Do not overload the bag. Recommended maximum load weight is 5kg. Protect the luggage from sharp items and load evenly with heavy items at the bottom. Take care not to affect the steering or safe handling of the motorcycle.

A rain cover is included however in adverse weather conditions contents should be wrapped in plastic bags to provide additional protection.

Fitting instructions

Please keep with luggage.

To avoid damage to paintwork ensure the tank and luggage surfaces are clean and free from abrasives.

Open the base unit flaps and place the bag on the tank. Adjust the position of the magnets to suit the tank shape and achieve a secure attachment. Care must be taken not to interfere with the magnetic attachment to the tank.

Place the front strap around the headstock of the bike and tighten taking care not to affect the steering or safe handling of the motorcycle.

Extra bungee cords are supplied which must be used for additional security.

Ensure the luggage is clear of moving parts and sources of heat such as engine and exhausts.

Before commencing a journey check the luggage is securely fitted.

Please read the important safety informations before using this luggage.

Caution

This luggage contains powerful magnets which may affect magnetic data items such credit cards, computer discs etc.

Care for your luggage

Sponge clean with warm water and a mild detergent.

Do not machine wash or tumble dry.

Store in a dry place.

Remember this luggage contains powerful magnets, take care not to store near magnetically sensitive items.
